

Achieving Excellence

Brick by Brick

Help us make a lasting impact ...

St. Joseph Public Schools have a long tradition of providing excellent K-12 education in our community. State funding cuts have reduced the resources our schools need to maintain many of the programs our community values.

Thanks to the generosity of many individuals and organizations, the SJPS Foundation has helped our school district be among the best in Michigan. But this standard cannot continue without your help.

... by becoming a permanent part of our campus

The SJPS Foundation's Achieving Excellence Brick by Brick campaign is an opportunity for you to leave a lasting legacy at our campus — by purchasing an engraved brick for the entrance at the high school. You may put your name and a message on your brick or commemorate a student, family member, friend, classmate or teacher.

Funds from the high school plaza bricks will help enrich the education of students in our district. But more than a financial donation, your brick will serve as a reminder for generations to come of your commitment to excellence in our community.

To become a permanent part of our great educational tradition, please complete and return the form or make your donation online. And thank you for generously helping our children receive the best opportunities.

Help SJPS continue to achieve excellence!
